STUDENT TESTIMONIALS

“UNBELIEVABLY INFORMATIVE AND EXTREMELY FUN.”

“EnACT is, by far, the best ACT learning program I have ever had the honor of attending. It is the most instructive class I’ve ever had. I’d recommend it to anybody looking to increase their ACT score. In fact, I’ve taken it three times and it’s really been a blast – and **I’ve raised by ACT score by 7 points.**”

—Sho Woodberry, Detroit Edison Public School Academy

“I truly struggled with the ACT. Instructors who tried teaching me ACT methods struggled with teaching in a way in which I could understand them. It wasn’t until I had the privilege of being in EnACT’s tutoring sessions that I could understand certain techniques that helped me gain a higher score. Even though I was so behind in knowledge for the ACT, in a matter of weeks, I **understood enough information to increase my ACT score by 4 points.**”

—Quentin McKinnon, Detroit Institute of Technology at Cody High School

I worked with EnACT for 1 month on the weekends, and in that my teacher gave me enough advice to **go up by 4 points** in my ACT score. I’ve worked with other ACT mentors and none of them taught the ACT like my teacher did. The class was very informational and sometimes entertaining. My teacher has this flare that makes it fun to learn the things that she taught. Because of her I got accepted into my dream school, Central Michigan University.

“I REALLY LOVED THE CLASS AND GOT A+ INFO.”

I had a very kind, passionate, and charismatic instructor whose passion for her profession showed through when she taught. She was extremely thorough when explaining a topic and went out of her way to make sure we understood the material. Under EnACT's instruction, **I was able to raise my ACT score by 2 points**, which is very hard to come by. As a student, I highly recommend you take EnACT's classes.

—Cydney Hill, University Prep Science & Math High School

"I have studied dozens of practice books, but nothing has been able to teach the techniques that I have learned in EnACT's ACT Masters Class. I had a dedicated instructor who was willing to go above and beyond with her time and effort to help each and every one of her students. Through her instruction, **I was able to raise my ACT composite score 2 points**. Those 2 points were all I needed to guarantee my admission into my first choice university!"

--Juan Jimenez, Woodhaven High School

"The environment is very friendly, energetic, and positive. Thanks to EnACT, I've become more confident in myself and in my answers. **This class helped me go up by 2 points on my ACT score!**"
