

## STUDENT TESTIMONIALS

“UNBELIEVABLY INFORMATIVE AND EXTREMELY FUN.”

“EnACT is, by far, the best ACT learning program I have ever had the honor of attending. It is the most instructive class I've ever had. I'd recommend it to anybody looking to increase their ACT score. In fact, I've taken it three times and it's really been a blast – and I've raised by ACT score by 7 points.”

—Sho Woodberry, DEPSA High School

“I truly struggled with the ACT. It wasn't until I had the privilege of being in EnACT's tutoring sessions that I could understand certain techniques that helped me gain a higher score. Even though I was so behind in knowledge for the ACT, in a matter of weeks, I understood enough information to increase my ACT score by 4 points.”

—Quentin McKinnon, Cody High School

“EnACT's SAT Masters class has really helped changed my life. Ms. Sheu and Ms. Page are literally some of the best teachers I have ever had. I came in every day greeted with a smile. I even learned a lot more information than I did at school. **Not only did my score improve around 100 points**, but being in this class and improving my score allowed me to study at Princeton University for a summer!”

—Alexia White, Detroit School of the Arts High School
